(Global Business Development. Non-Profit and For-Profit Initiative Advisor)

**Arijit Bhattacharyya**  
BIOGRAPHY

Serial Entrepreneur, Angel Investor, Public Speaker and Author, Arijit Bhattacharyya's expertise lies in the areas of International Business Development, Business Strategy, New Market Development, Risk Management, Market Entry, New Technology, Deep Tech, Systems & Processes and Fund-raising. Arijit is a sought-after speaker in national and international platforms about Intellectual Property, Innovation, Cyber Security, Game Development, Virtual Reality, Scale Up Business, and Wealth Management.

With a Master of Computer Science degree and Bachelor Degrees in Economics, Mathematics, Statistics and Political Science from the University of Calcutta, Arijit Bhattacharyya is a technologist and serial entrepreneur with a passion for creating feedback loops between innovation, teams and revenue streams, applying new and old business models to changing industries, and pushing people to do the very best they can do.

Realizing his dream to "Bring Art and Technology Together Successfully", Arijit founded India's one of the first game development studio, [Virtualinfocom](#) (VIC) in 1998. As one of India's first and leading game development companies, VIC is known for many innovations in IT solution, game development & animation. VIC has produced more than 470+ games and VR, AR, XR app and blockchain solutions and as an institute produced more than 5,000+ skilled programmers and designers that work with some of the most renowned technology organizations in the world.

In 2017, Arijit founded [EntrepreneursFace](#), a platform to connect startups with mentors and investors and created own HNI angel fund to help SME, Startups and Mid-level corporate companies. He is a Start-up Mentor for the [Founder Institute](#), the world's largest & most comprehensive entrepreneur training and startup launch program for entrepreneurs. Arijit also serves as Director of Innovation for [Avalu](#), a global investment firm that manages investment portfolios valuing over \$1Billion, assisting sustainable international projects in innovative technologies, property development, natural foods and beverages, and the fashion, sports and entertainment industries.

In 2020, after helping foster thousands of startups and entrepreneurs, Arijit founded the [World Leader Summit](#) (WLS) one of the world's largest online professional and networking summits with participation of more than 90 countries and 120+ global leaders. WLS 2020 brought together world leaders, entrepreneurs and world class businesspersons under an umbrella to discuss their secrets of success, the strategies they follow, and how they have managed to succeed during the COVID19 pandemic.

Upon an invitation from Mr. Bhattacharyya to ITM Chairman/CEO Jack Craciun III, ITM participated in the 2020 World Leader Summit, producing the inaugural WLS 2020 lifesaving **First Annual "The Future of Medicine Foundation™ Doctor's Forum": *Defeating COVID & Returning Health to Humanity Through Nutrition Based Medicine***, featuring the world's leading COVID-19 doctors, scientists and research into preventing and defeating the COVID-19 pandemic.

Following the success of the 2020 summit, Arijit invited ITM to produce an annual **"Future of Medicine Foundation™ Three-day Conference": *Returning Health to Humanity through the Consumer Health Freedom Initiatives of the National Health Federation*** (an INGO recognized by the United Nations' Codex Alimentarius Commission), ***Nutrition-based Medicine, Integrative Medicine, and Functional Medicine***, featuring corporate sponsored and doctor-delivered medical health forums and educational seminars in addition to The Future of Medicine Foundation™ Ambassador programs in development by ITM, The Future of Medicine™, Inc. (for-profit) and [The Future of Medicine Foundation™](#) (non-profit).

In March 2021, Arijit accepted an invitation from the Boards of Directors of the Future of Medicine Foundation Ltd. and The Future of Medicine, Inc. to become a Founder/Member of their Boards of Advisors. Mr. Bhattacharyya will be working with the Boards of Directors and Advisors to develop new business opportunities that establish sustainable global recognition and economic rewards for The Future of Medicine™, Inc. and create economic resources for The Future of Medicine Foundation™, Ltd. initiatives and those of its non-profit affiliates.
